Legislators**

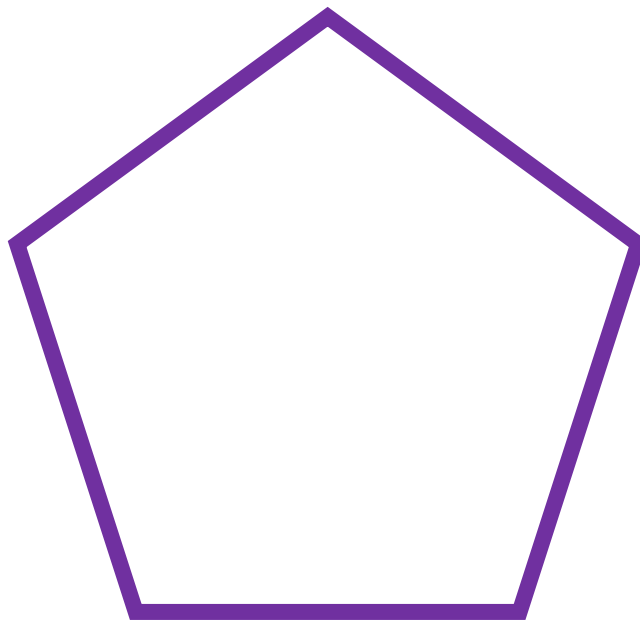

Image of a pentagon shape with the following agencies at each corner

- State VR Agencies
- Disability Advocates
- Service Providers
- Business / Labor
- Governor / Legislators

Disability Advocates

1. Which groups / organizations are crucial to advocating for subminimum wage elimination?
2. What roles do disabled people have in educating lawmakers about eliminating subminimum wage?
3. What do disability advocates bring to the conversation that other groups might not?
4. How can you make your advocacy accessible for people with all disabilities?

Disability Service Providers

1. Which groups / organizations are crucial to advocating for subminimum wage elimination?
2. What is the position of your state's disability service provider trade association?
3. Have 14(c) organizations already spoken up about the need to move away from this practice?
4. What has the broader response been by 14(c) providers to the elimination of subminimum wage?
5. What have conversations looked like when meeting with sheltered workshops / disability service providers?

Government / VR Agencies

1. What influence does your state's VR agency have in setting disability employment policy?
2. How active is your state's Developmental Disability Council?
3. What is the quality of VR services offered in your state? What is the general sentiment about securing VR for people with disabilities?
4. Does VR have an interest in helping phaseout subminimum wage?

Business / Labor

1. Do you have buy-in from key business groups to help increase CIE opportunities in your state?
2. Which businesses are willing to highlight their work in expanding CIE opportunities / hiring people with disabilities?
3. Is organized labor in support of this bill? Can they add their names as supporters?
